## An Era of **Innovation and Design**

---

For over 100 years, Ideal Standard's mission has been one of Innovation and Design to make life better for our customers. We can look back on a proud history of pioneering innovation that truly shaped the industry. And a strong design heritage working with the Master Designers of their era who helped elevate Ideal Standard into the Culture of Design. Partnering up with renowned Italian design studio Palomba Serafini Associati in 2018, we mark the beginning of a new era.

We look forward to continuing our journey of shaping the future of modern living. A journey we are on together - with our customers, our partners and our employees.

*Together  
For Better*

# Inspiring solutions for tomorrow

Whether it is the latest colour trends, innovative new materials that allow for highly complex designs or sustainable solutions that help saving water, at Ideal Standard we design all products with the needs of our customers in mind. While we can look back on a proud history of pioneering technologies as well as a strong design heritage, we always keep an eye on the future to meet the ever-changing demands of modern living.

Ideal Standard
